# AGENDA

---

## Description

Three workshops will be ready for 2015. A total 15 hours of intense work in the developing and analysing a specific and relevant issue.

The workshops will breakout the attendees in different management areas such as reproduction, nutrition, genetics/genomics, and heifer rearing, welfare, and health...

Each breakout session will begin with a central question, such as “Is there a problem with reproduction?” or “Can we improve profit by modifying the ration”.

## Instructors

The workshops will be led by four professors from The University of Wisconsin in collaboration with European professors.

## Topics

Reproduction management and its economic value

Nutrition and feed efficiency

Genetics, genomics, and genetic linear evaluation

Calf and heifer rearing, welfare, and health (both heifers & cows)
